The Sweetest Job of All

▶ TR 03 Words 145

Do you have a sweet tooth? Do normal jobs not **appeal** to you? Then there is a **perfect** job for you: chocolate taster!

This may sound too good to be true. But eating chocolate for a living is not a dream. Many chocolate makers are **hiring professional** tasters to make better chocolate. 5

What do professional chocolate tasters do? They taste about 30 different types of chocolate samples every day. Their most important job is to find low-quality chocolate. (a) They can tell the quality of chocolate by both the taste and the sound it makes. (b) First, they look at the color of the chocolate, smell it, and feel how it **melts** in the mouth. (c) If a chocolate bar does not sound **crisp**, it may not be fresh. (d) 10

Are you worried about your health? Don't worry. Chocolate tasters only taste the chocolate and then spit it out. 15
